Hazard identification

Labelling according to « AEROSOL » Directive:

Danger
« Extremely flammable aerosol »
(H222)

Obligatory mentions:

- Pressurised container. May burst if heated. (H229)
- Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. (P210)
- Do not spray on an open flame or other ignition source. (P211)
- Do not pierce or burn, even after use. (P251)
- Keep out of reach of children. (P102)
- Protect from sunlight. (P410)
- Do not exposure to temperatures exceeding 50°C/122°F. (P412)

Additional mentions:

- Do not breathe spray.
- Do not spray in eyes or on irritated skin.
- Proceed by short presses without prolonged spraying.
- In case of accident or feel unwell, seek medical advice immediately.
(If possible, show the label).
- Do not use for any purpose other than that for which the product is designed.

First aid measures

In case of skin contact: Rinse with water. In case of allergic reaction, seek medical attention.

In case of contact with eyes: Rinse immediately with plenty of water, holding the eyelids open. If necessary consult a specialist.

If swallowed: Call a doctor immediately. Preserve the label and present it to the first aid service.

Fire fighting measures

Appropriate fire-extinguishers: Foam, dry powder

In case of fire: cool down with water the storage installations that are exposed to danger. Isolate aerosols from the fire area. Evacuate the persons who are in the vicinity of the aerosols.

Accidental release measures

Individual precautions: Keep away from sources of ignition. Do not smoke. Take care to avoid the appearance of sparks. Ensure adequate ventilation.

Measures for environmental protection: Do not allow runoff to sewer, water and soil.

Cleaning instructions: Soak up with an absorbent material and remove in accordance with local regulations

Handling and storage

Pressurized container. May burst when heated. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Do not smoke. Do not spray on an open flame or other ignition source. Do not pierce or burn even after use. Keep out of the reach of children. Protect from sunlight. Do not expose to temperatures exceeding 50 ° C / 122°F. Do not spray in eyes or on irritated skin. Keep and use in well-ventilated areas. Do not use for any purpose other than that for which it is intended. Keep the product in well-ventilated areas and away from heat sources of ignition. Aerosol: do not spray into another container. Instructions for use: Proceed by short presses without prolonged spraying.

Stability and reactivity

Thermal decomposition: No thermal decomposition ensuring compliance precautions for handling and storage..

Dangerous reactions: Risk of explosion in case of fire or presence of a heat source (pressurized container). Risk of vapour formation during use, can be flammable.

Considerations relative to the elimination: To be destroyed in specialized cremations center. . Comply with regulations. Do not pierce or burn even after use.

Transport information

Road transport (ADR)

N° ONU : 1950

Description : Aérosols

Class : 2

Classification code: 5F

Packing category:

Tunnel restriction code: D and E
